

New Zealand Geology Field Camp
233.302DISDA and 233.203DISD

International Field Course on
Understanding the subduction factory from the Gondwana plate
margin evolution to the development of Zealandia

3rd January (Thursday) until 2nd February (Saturday) 2019

Field Geology Application Form

Application should reach us by **1 October 2018**. To ensure your placement in the course, and to take advantage of cheap airfares, applications should be sent in as soon as possible by email to Karoly Nemeth [k.nemeth@massey.ac.nz]. A copy of your transcript should be submitted along with this application form. This can be a photocopy or scan of your most up-to-date transcript. It does not have to be an original with university seal affixed.

University or College Details

University or College:

Major [tick as appropriate]:
 Geology Geophysics Geological Engineering Hydrology Other

Cumulative Grade Point Average:

Expected Graduation Date:

For the following courses, please list the grade and date of completion (Semester/Year):

Physical Geology:

Historical Geology:

Mineralogy:

Petrology:

Structural Geology:

Sedimentology/Stratigraphy:

Other Geology:

Official Driver Application

Do you wish to register as an official student driver? Designated drivers will be permitted to transport students on free days when students may “do their own thing” (subject to approval). Staff may not be available as drivers on these days.

Do you wish to apply for a position as official student driver? [tick one] YES NO
Your current driver’s license is adequate in New Zealand. Only experienced drivers should apply.

You can use the checklist on the last page of this application package to make sure your application is complete.

Medical Safety Questionnaire

Note: This information is requested for your safety only. It will be held strictly confidential

Name:

Student ID:

Please tick one of the boxes as appropriate:

To your knowledge, are you allergic to bee sting? YES NO

have you ever suffered from heat exhaustion or heatstroke? YES NO

Do you have a history of asthma? YES NO

Are you currently taking medication for asthma YES NO

Do you have any other medical problems (diabetes, epilepsy, etc.)
that might interfere you’re your ability to do rigorous fieldwork?
If so, please explain: YES NO

.....
.....
.....
.....

Will you be taking any illness-related prescription medications during field camp? If so, please list them:

YES NO

.....
.....
.....

Please read the following statement, and sign below:

I have answered the forgoing questions truthfully and to the best of my knowledge, and have provided the Field Camp instructor with medical information that might be crucial to my safety. I understand that I am responsible for bringing with me all the medication I might need for the duration of the course and for using that medication appropriately.

Dietary restrictions*:

* Includes "kosher", etc. Personal preferences will not be catered for.

Geology Field School Liability Waiver

I,, understand that Geology Field Camp (233.302E1 and 233.203E1) is a required course for the benefit of my education as a geology or geophysics major. I understand that the work to be done in the geology field course involves an element of risk. This risk includes, but is not limited to, mapping and measuring geologic formations in rugged and remote terrain, and that I will have to exercise extreme caution to avoid falls that are likely to injure me. I also understand that medical help is sometimes an hour or more away from the field sites, and that the instructors will do everything for me that they are qualified to do in the event that I am injured or fall ill, including seeking medical help as fast as possible, but that they are not trained medical professionals. I will listen to and follow the safety instructions given by the instructors each day, and will obey the instructors if they ask me to move or cease some activity for my safety. In addition, I have the right to discuss safety concerns with the instructors at any time.

Geology Field School Information Waiver

I,, understand that some of the data collected by me in Geology Field Camp (233.302 DISDA and 233.203DISD) may be utilized in other projects or incorporated onto map compilations.

Geology Field Camp Application Checklist

This checklist is to help you make sure your application is complete before you submit it.

To keep for your information and guidance:

- Course Description (You read it and know the deadlines)
- Equipment List (You know what equipment you need and what you have already)

To submit with your application:

- Application Form
- Medical Questionnaire
- Student Dietary Information Sheet
- Liability and Information Waivers

Application for Financial Aid (check with your own department or college whether you are eligible for assistance)
