

# Workshop 2

- **Workshop 2 Group Kahurangi**
- Efforts to motivate whānau and foster higher standards of living and healthier lifestyles have been spectacularly unsuccessful in your agency. After some debate, the agency has decided that what is missing is as much spiritual as economic and have asked you to suggest some options. You have recommended that staff begin to introduce kawa to provide whānau with a set of protocols for living and a set of values based on tikanga.

## **Your task**

**What are the five main reasons why you have suggested the application of kawa?**

- 1. Places the whanau into a cultural framework**
- 2. A consistent way of doing things**
- 3. Stresses importance of relationships**
- 4. Introduce some cultural markers for behaviour**
- 5. Whanau to recognise the need – whanau empowerment**

**What would be the main features of a whānau kawa?**

1. whanaungatanga
2. manaakitanga
3. whanau hui
4. wairuatanga, karakia, hui outcomes for whanau to achieve
5. walk the talk – positive role modelling
6. mara kai – starting a garden
7. auahi kore
8. following a positive pathway – stocktake the whanau strengths to identify who to utilise
9. ensure whanau have all the relevant information to make informed decisions
10. sharing, collective responsibility, values, morals, good ethics
